THE STORY

> *No longer drifting in the dark alone — every bridge we burned finally warm again, and the light ahead close enough to call it home. Healing rarely feels like arriving; it feels like the gravity of old fears slowly letting go. Home is not always a place, but the moment we stop drifting alone. Who makes the dark feel close enough to home for you?*

LYRICS

Almost Home

INSTRUMENTAL INTRO

VERSE 1

Floating through the silent space,
Looking for a familiar face.
The stars are whispering your name,
The world below us looks the same.
We left the gravity behind,
Forgetting what we tried to find.
The cosmic dust begins to clear,
I know the destination's near.

PRE-CHORUS

Feel the warmth returned, (returned)
Every bridge we burned, (we burned)
The final boundary fading out,
Erasing all the ghost of doubt.

CHORUS

Open your arms, we are almost home,
No more drifting in the dark alone.
Guided by a neon satellite,
We are stepping into endless light.
Almost home, (almost home)
Where we belong.

VERSE 2

The pressure drops, the air is sweet,
I hear the rhythm of your heartbeat.
The clouds are parting down below,
A golden valley starts to glow.
No longer searching in the cold,
We found the story to be told.

BRIDGE

A million miles across the sea,
To find the place we're meant to be.
Take a breath and close your eyes,
We made it past the stormy skies.

PRE-CHORUS

Feel the warmth returned,
The final boundary fading out...
(We are so close now...)

POWER CHORUS

Open your arms, we are almost home,
No more drifting in the dark alone.
Guided by a neon satellite,
We are stepping into endless light.
Almost home, (almost home)
And it feels right.
