THE STORY

> *Standing in the same room, reaching but never quite touching — the silence between us saying everything the words couldn't. Two people can share a room and still live in different echoes, close enough to see each other but never quite to reach. What stands in the space between you and the person closest to you?*

LYRICS

Between Me and You

INTRO

VERSE 1

We're standing in the same room
But nothing feels aligned
Your voice moves through me like a different kind of time
I reach but I don't touch
There's something in the way
A surface I can't break
No matter what I say

CHORUS

So close
But never through
But now with you
Between me and you

VERSE 2

Between me and you
I see you
(Ooh-ooh)

VERSE 3

A shadow falls beside me
But never feels like mine
We're walking different echoes
Inside the same design
The silence gets louder
The closer that we stay
We fade into reflections
We never really face

CHORUS

So close
But never through
Between me and you
Between me and you
I see you
(Ooh-ooh)
