THE STORY

> *The distance disappeared before the words did. Some moments ask for surrender, not permission. Desire can be its own kind of honesty, a language spoken without words when two people stop pretending they are not drawn together. What would you say if you let your feelings speak before your caution?*

Hands All Over Me

INTRO

VERSE 1

I felt your eyes before we spoke,
One quiet spark and something broke.
You smiled like danger in the light,
Like you belonged to reckless nights.
You crossed the room without a sound,
And somehow everything slowed down.
The closer that you came to me,
The less I cared who else could see.

PRE-CHORUS

Every heartbeat getting louder.
Every second pulling closer.
You do not need to say a word.
I already know.

CHORUS

Your hands all over me,
Like the night has got no mercy.
Every touch is pulling me
Exactly where I want to be.
Your hands all over me,
No space between your skin and mine.
Stay a little closer now.
Do not let go before sunrise.

POST-CHORUS

Hands all over me.
Keep your hands all over me.
Stay close.
Do not let go.

DROP

Hands all over me...
Come closer...
Do not stop...

VERSE 2

Your shadow moved across my skin,
And pulled the whole night further in.
The music faded from the room.
There was no rhythm left but you.
No hesitation in your eyes,
No need to hide behind the lights.
You moved as if you always knew
Exactly what your touch could do.

PRE-CHORUS

Every heartbeat getting louder.
Every second pulling closer.
There is no reason to move slow.
Your hands already know.

CHORUS

Your hands all over me,
Like the night has got no mercy.
Every touch is pulling me
Exactly where I want to be.
Your hands all over me,
No space between your skin and mine.
Stay a little closer now.
Do not let go before sunrise.

POST-CHORUS

Hands all over me.
Keep your hands all over me.
Stay close.
Do not let go.

BREAKDOWN

I do not need tomorrow.
I do not need forever.
Just let this night
Remember us
A little longer.

BUILD

Come closer.
Keep moving.
Do not stop.
Put your hands
All over me.

FINAL CHORUS

Your hands all over me,
Like the night has got no mercy.
Every touch is pulling me
Exactly where I want to be.
Your hands all over me,
No space between your skin and mine.
Stay a little closer now.
Do not let go before sunrise.
Your hands all over me,
I love the way you pull me under.
Let the whole world disappear.
Keep me here a little longer.

FINAL POST-CHORUS

Hands all over me.
Keep your hands all over me.
Stay close.
Do not let go.

FINAL DROP

Hands all over me...
Before sunrise...
