THE STORY

> *What's left standing after the noise fades — heavy with every secret, unmoved by time, still holding the truth. Stone does not forget; it carries every touch, every fire, every rain, silently keeping the shape of what happened. Which truths in your life have stayed solid long after everything around them changed?*

LYRICS

Stone

VERSE 1

I feel the weight beneath my skin,
Memories carved, where it all begins.
Every moment pressed into time,
The stone remembers, it keeps the signs.

PRE-CHORUS

Silent witness, standing tall,
It knows the rise, it knows the fall.
Through every fire, through every rain,
The stone endures, it won't decay.

CHORUS

Stone holds the echoes, deep inside,
Every secret we tried to hide.
Strong and heavy, yet it knows,
The truth remains, the stone still shows.

VERSE 2

Hands that shaped it, voices fade,
But the foundation will never sway.
A thousand years, a single flame,
The stone remembers every name.

BRIDGE

Stone remembers... every touch, every scar.
It carries the silence, it knows who we are.
Through centuries of shadows, through pressure and fire,
The stone holds the truth, the weight of desire.

FINAL CHORUS

Stone holds the echoes, deep inside,
Every secret we tried to hide.
Strong and heavy, yet it knows,
The truth remains, the stone still shows.
