THE STORY

> *A breath becomes the dividing line between fading away and returning. The opening track turns vulnerability into motion: one spark, one heartbeat, and the will to remain. Sometimes survival does not look like strength; it looks like asking someone to stay close while we find our breath again. Being pulled back from the edge is not weakness, but trust. Who has breathed you back to life when you could not do it alone?*

LYRICS

Breathe Me Back to Life

VERSE 1

I'm on the edge again
Cold hands, empty room
Your name in my chest
Like a beat that wants you

I taste the night air
I count every crack
One step from the dark
If you want me, come back

PRE-CHORUS

Pull me closer now
Don't let me fade out
Hear me in the silence
Say it through the doubt

CHORUS

Breathe me back to life
Breathe me back to life
Hold me in your light
Breathe me back to life

Breathe me back to life
Breathe me back to life
I'm still here for you
Breathe me back to life

VERSE 2

Glass on the floor
Moon on the tile
I've been holding my breath
For a long, long while

Your touch in my mind
Your voice in my skin
Open the door
Let the heartbeat begin

PRE-CHORUS

Pull me closer now
Don't let me fade out
Hear me in the silence
Say it through the doubt

CHORUS

Breathe me back to life
Breathe me back to life
Hold me in your light
Breathe me back to life

Breathe me back to life
Breathe me back to life
I'm still here for you
Breathe me back to life

BRIDGE

If I drift too far
Call me by my name
One spark, one breath
And I'm awake again

FINAL CHORUS

Breathe me back to life
Breathe me back to life
Hold me in your light
Breathe me back to life

Breathe me back to life
Breathe me back to life
I'm still here for you
Breathe me back to life
