THE STORY

> *The moment the ceiling opens and the weight finally lifts — standing in the open, spirit wide awake. Relief rarely arrives as a great event; more often it is the moment the pressure loses its shape and the sky feels wide again. What helps you feel your spirit wake after a long, heavy season?*

LYRICS

Feel My Spirit Wake

VERSE 1

I was walking with the wind
Letting quiet pull me in
Every hour felt so wide
Like the sky had changed inside
Every echo lost its name
Nothing moved the way it came
Still I felt a different way
Something brighter in the grey

PRE-CHORUS

No more weight above my head
No more words I never said

CHORUS

When the ceiling opens clear
And the skyline pulls me near
When I'm standing in the open
I can feel a change appear
When the pressure loses shape
And the distance starts to break
When I'm standing in the open
I can feel my spirit wake

DROP

Feel my spirit wake
Feel my spirit wake

VERSE 2

I was holding to a trace
Of a long-forgotten place
Then a current changed the air
Like a sign was waiting there
Every shadow thinned away
Like it could no longer stay
And the space around my name
Didn't feel so far away

PRE-CHORUS

No more weight above my head
No more words I never said

CHORUS

When the ceiling opens clear
And the skyline pulls me near
When I'm standing in the open
I can feel a change appear
When the pressure loses shape
And the distance starts to break
When I'm standing in the open
I can feel my spirit wake

BREAK

FINAL CHORUS

When the ceiling opens clear
And the skyline pulls me near
When I'm standing in the open
I can feel my spirit wake

OUTRO

Feel my spirit wake
Feel my spirit wake
