THE STORY

> *Some women spend their lives waiting for someone to tell them who they are. Nadine-Marla had spent hers learning never to let anyone else decide. She was still willing to love — but never again at the price of forgetting herself. And when someone stepped into her world with a charming smile and beautiful words, she had only one request: learn who I am before you decide what I should mean to you. Have you ever loved someone so deeply that you almost forgot your own name?*
