THE STORY

> *The streets grow quiet, a rhythm pulls from the distance — nothing stands still after midnight, every heartbeat changing the night. When the city exhales, the rules of the day loosen their grip and the rhythm decides where to go. The night does not care who we were at noon. Who do you become when nobody is waiting for you to explain yourself?*

LYRICS

After Midnight

VERSE 1

The streets are quiet now
The noise is fading out
A rhythm in the distance
Starts pulling me around
The air feels different here
Like something just began
A moment in the dark
Turns into something real

PRE-CHORUS

Time slows down
After midnight
Every step
Feels more alive

CHORUS

After midnight
We come alive
Every heartbeat
Changing the night

After midnight
Nothing stands still
Every second
Moves with the thrill

After midnight
We come alive
After midnight
Feel the night

VERSE 2

The world is moving slow
The city breathing low
A quiet kind of freedom
In places people go
No questions left to ask
No need to understand
Sometimes the night itself
Just takes you by the hand

FINAL CHORUS

After midnight
We come alive
Every heartbeat
Changing the night

After midnight
Nothing stands still
Every second
Moves with the thrill

After midnight
We come alive
After midnight
Feel the night
