THE STORY

> *Standing so close to the truth, one breath left to move — almost love, almost fire, almost everything, but only almost. Some stories never fail; they simply never begin, suspended one step away from becoming real — which is perhaps why they hurt for so long. Is it harder to lose something you had, or something you were only one breath away from having?*

LYRICS

Almost

VERSE 1

You stood close beside me
Quiet in the crowd
No words between us
But everything was loud
Your hand moved slowly
And stopped in the air
Something was starting
To stay somewhere there

PRE-CHORUS

So close to the moment
So close to the truth
One step between us
One breath left to move

CHORUS

We were almost something real
Almost more than just a feeling
Almost closer than before
Standing right outside the door
Almost love
Almost fire
Almost everything we desire
So close I could feel it
But we were only almost

Almost

VERSE 2

You looked for a second
Like you might stay
Like time was opening
Another way
Your voice grew softer
The room fell still
Two different futures
One quiet will

PRE-CHORUS

So close to the moment
So close to the truth
One step between us
One breath left to move

CHORUS

We were almost something real
Almost more than just a feeling
Almost closer than before
Standing right outside the door
Almost love
Almost fire
Almost everything we desire
So close I could feel it
But we were only almost

BRIDGE

Some moments stay unfinished
Not because they were weak
But because they were too close
To becoming real

FINAL CHORUS

We were almost something real
Almost more than just a feeling
Almost love
Almost us
So close
But never quite there

OUTRO

Almost
Almost
Almost
