THE STORY

> *Standing in the sunlight, nothing heavy on our minds — every laugh effortless, every moment endless, before we knew how fast it could all change. Innocence is never recognised while we are inside it; it only gets its name once it is gone. Those sunlit days were not careless, just unguarded. Would we have held them differently if we had known how quickly they would become memories?*

LYRICS

Before We Knew

VERSE 1

We were standing in the sunlight
Nothing heavy on our minds
Every moment felt so simple
Like forever had more time
Every laugh was effortless
Every step was something new
We were living in the moment
Before we knew

We didn't think about tomorrow
Didn't question what was true
Everything felt endless
Before we knew

CHORUS

Before we knew
How fast things change
How hearts can drift
How love can fade

Before we knew
What time can do
We were just living
Before we knew

Before we knew
Before we knew

VERSE 2

We were standing in the sunlight
Nothing heavy on our hearts
Every moment felt so easy
Like the world was ours to start
Every laugh was floating slowly
Every dream was shining through
We were living in the moment
Before we knew

We didn't think about the ending
Didn't see what time could do
Everything was open
Before we knew

FINAL CHORUS

Before we knew
How love could change
How hearts could break
How time can fade

Before we knew
What time can do
We were just living
Before we knew

Before we knew
Before we knew
