THE STORY

> *If time could slow down just for a second — one more breath, one more chance to turn what we almost knew, before forever changes. There are seconds that hold more than years, poised on the edge of something neither person can explain. We know the night will end and the choice will disappear with it. If everything ended tonight, what truth would you want to have spoken first?*

LYRICS

One More Moment

INTRO

If time could slow down
Just for a second
I would stay right here
Before everything changes

VERSE 1

We were standing on the edge
Of something we could not explain
Every word we didn't say
Was louder than the rain
Your eyes were asking questions
I was scared to move
One more step between us
One chance left to choose

PRE-CHORUS

Don't let this moment disappear
Don't let it fade away
We're closer now than ever
With nothing left to say

CHORUS

Give me one more moment
One more breath with you
One more chance to turn
What we almost knew

One more moment
Before the night is gone
One more second
Before we both move on

In the silence before the world returns
All I need is one more moment
One more moment
One more moment
Don't let it fade away
One more moment

VERSE 2

Time is moving faster
Than we can understand
Every fragile second
Slipping through our hands
If we let this go now
We may never know
What could have been waiting
Just one step below

PRE-CHORUS

Don't let this moment disappear
Don't let it fade away
We're closer now than ever
With nothing left to say

FINAL CHORUS

Give me one more moment
One more breath with you
One more chance to turn
What we almost knew

One more moment
Before the night is gone
One more second
Before we both move on

BRIDGE

All I need is one more moment
If everything ends tonight
Let it end with truth

OUTRO

One more moment
One more moment
One more moment
Hold me before we fall
One more moment
One more moment
Before forever changes
